**ORDER ON MOTION**  
**FOR ADDITIONAL TIME**

In its Order of July 28, 2009, this Court offered some relief from a deadline for submission of documents for *in camera* review due to an inadvertent court delay. SME has requested that relief, asking for two additional months.

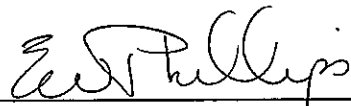

Plaintiff opposes the granting of two full months based on several compelling arguments, first and foremost of which is that SME claimed various documents were protected from disclosure but now argues it has to find out which ones in a pile of 10,000 pages.

SME has until **September 4, 2009** to meet the Court's submission requirements.
